

THE HORIZON

The Horizon screen sets a new standard in retractable screens. With features like a flat handle, auto-compensating upper track and low-profile lower track, the Horizon can complement large architectural doors of almost any type and configuration.

	Width	Height
Singles Up To	21'6"	11'
Doubles Up To	43'	11'

Benefits:

Wheelchair Friendly

Clear Vision

Insect Control

Convenient Auto-Stop

Flush Handle

Auto-Stop

Homeowners have full control of the screen with the convenience of unlimited brake points. The pull-bar automatically stops when the handle is released.

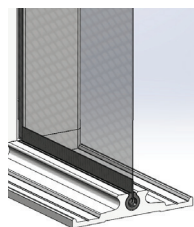

Low Profile Track

At only 1/2" tall, the lower track blends seamlessly into every application. It's designed for simple installation and provides for a smooth transition between spaces.

Captured Mesh

Specialty equipment welds the mesh to the zipper. The tracks capture the zippers, and the mesh is retained at all times. No blowouts, frayed mesh or animals on the loose.
